I would like to contribute to your organization as a Web Designer / Front-end developer, leveraging my ability to develop and design Static, E-commerce, Asset management web applications using readily available web frameworks. With my passion for learning, I will be able to take part in empowering your team with my newly found coding expertise.

I'm a graduate of STI College Southwoods with a degree in Information Technology. I recently finished Tuitt's Full-stack Web Development training where I experienced using web development tools like HTML, CSS, Bootstrap, PHP, Laravel, JavaScript, MySQL, MongoDB, Git, etc.

AREAS OF EXPERTISE

Hard skills

- Frontend: HTML, CSS
- Databases: MySQL/MariaDB, MongoDB
- Scripting Languages: PHP, JavaScript
- Frameworks: Bootstrap, Laravel
- SDLC Phases: Development, Test, Deploy

Soft skills

- Positive Attitude
- Teamwork as I've experienced in a group thesis in college

PROJECT EXPERIENCE

Tuitt Coding Bootcamp

Metro Manila, PH

Pet Hotel

2019 Feb

- A Booking System that lets the users book a hotel room for their pets
- Shows the different types of hotel rooms, details (if available), and price
